A newsletter with reminders and updates will be emailed to you monthly. Please be sure to read it for important information. Information will also be available on our bulletin boards and sign-in/sign-out tables.

On the first day of school parents must send a note to their school office and classroom teacher stating that their child will be attending the Extended Day Program and what his/her schedule will be. You must notify your child's school office and classroom teacher if there is a change in your Extended Day schedule.

We will require notes for after school activities and whether or not the child will be returning as well as who is responsible during that time. The person responsible for your child needs to come in and sign your child in and out. Parents are required to provide a list of whom the child may be dismissed to. Only persons listed will be allowed to sign your child out. Extended Day is not responsible for your child's safety until they are returned to the program.

Please notify the Program of any changes in your work or home telephone numbers, emergency authorization immediately. It is important that you keep us informed.

Child Abuse or Neglect

Massachusetts' law 119-51A states that professionals who interact with children are considered mandated reporters. As mandated reporters the Walpole Extended Day staff must immediately make an oral report to the Department of Children and Families when, in their professional capacity, they have reasonable cause to believe that a child under the age of 18 years is suffering from abuse or neglect.

The Extended Day Program reserves the right to refuse to release a child to any parent or caretaker who appears incapacitated or unable to provide appropriate care and protection for a child. In such instances the school officials may be notified. Alternate authorized to pick up persons on your list may be called to pick up the child.

ABOUT US

The Walpole Public Schools Extended Day program is a school-age childcare program for children who attend the Walpole Public Schools in grades Kindergarten through Grade 5. We have a before and after school program in each elementary school. All programs provide a healthy snack, supportive homework time, and community service learning opportunities. Additionally, children may choose to participate in self-initiated activities such as reading a book or playing a board game.

Our Goals

1. To help children create atmosphere of respect of others and self.
2. To help children care for and respect equipment and materials.
3. Assist children in developing self-control, having a clear understanding of the Program's expectations.
4. Provide ample opportunities for outdoor time.
5. To help children in becoming independent and responsible through self-directed and individualized activities.
6. To help children learn appropriate alternatives to angry and aggressive behaviors.
7. To encourage children to make friendships across age groups, to explore, and to try as many new things as they can.
8. To provide an electronic device free environment which helps children to learn social skills and build language and cognitive skills through their interactions with other children in the Program.

The Walpole Public Schools Extended Day program does not discriminate in providing services to children and their families on the basis of race, sexual orientation, religion, cultural heritage, political beliefs, national origin, disability or marital status.

Organization Information

The Walpole Public Schools Extended Day has an organization structure in place to support the students and families and staff in our Program. Program activities and daily projects are planned and implemented by qualified staff members. Our staff are trained in CPR, First Aid, Epipen administration and safety training.

REGISTRATION AND FEES

- Registrations for the following year begin in the spring. A registration packet is emailed to children entering kindergarten to Grade 4. The packet must be completed and mailed with the deposit to the Extended Day Office located at 415 Elm Street, Walpole, MA 02081. The deposit consists of a \$35.00 annual registration fee per child and September's tuition. This must be paid prior to the child attending the Program.
- Enrollments continue during the year as space is available.
- There is a two-day minimum requirement.

- Tuition is payable in advance on the first of the month. You will receive an invoice by email. The tuition is delinquent after the 10th of the month and a \$20.00 late fee will be applied. Continued failure to pay tuition on time will result in the child being dropped from the program.
- Tuition is based on 180 days of school and then divided equally into 10 monthly payments. There are no deductions for days missed due to illness or vacation.
- We offer “drop in” care for those who need days other than those they are enrolled for. In order to do this we require a 24-hour notice. We will check our schedule for space and notify you accordingly. Our current charge for this care is: AM \$9.50 and PM \$18.50. Please give this payment by check only to the Site Coordinator on the day of service.

Please make checks payable to Town of Walpole. Please write your child’s name and school on each check and mail to:

Late Pick Up:

Closing time is 6:00 p.m. by the Program clock. A penalty payment of \$1.00 per minute in **cash only** per child, is due at pick-up. The program retains the right to terminate care after excessive or repeated lateness. A warning letter will be sent after three late pick-ups. We understand that occasionally there may be an emergency. The late charge is only meant as a deterrent, not a convenience. Our staff needs to be able to leave at closing time. If your child has not been picked up after one hour after Extended Day ends and we have not been contacted, we will contact town/school officials to make appropriate decisions. Please contact us if you are going to be late, or make alternative arrangement with someone on your emergency list, or authorized to pick up list.

Returned Checks:

A check returned for insufficient funds will be charged the current bank late fee to cover bank charges.

Tax Receipts:

Receipts for tuition payments are available upon request. For tax purposes, our Federal I.D. # is: 046-001-334.

Time Away From Program:

Please note that if your child is out sick or you are away on an extended vacation beyond the traditional school break, you are still liable for your monthly tuition. You are paying for a spot, not just the days you use. We are a tuition-based Program which runs on a self-supporting basis. There are no scholarships available. We do accept state vouchers.

On the day before Thanksgiving, the Program will end at 3:30 p.m. Please see the school calendar for Early Release days.

The Program makes every possible effort to open and remain open during severe weather conditions. Occasionally, the Program closes for weather emergencies and other unforeseen emergency situations. **When school is closed due to bad weather or other emergency situations, Extended Day will be closed as well.** When the Program closes for all or part of the day for an emergency, no refunds, exchanges or credits are given.

Whenever there is an all school start time unscheduled delay, the same delay applies at all our Extended Day Program sites.

When afternoon activities have been cancelled due to severe weather conditions or other unforeseeable emergencies, the Extended Day Program will remain open until 4:00 p.m. Parents will be emailed to come to pick up their children at 4:00 p.m. as soon as an announcement is made.

If afternoon activities have not been cancelled and weather conditions have deteriorated, you may be called to ask that you pick up your children as soon as possible to assure that everyone leaves the building safely.

Parents will be required to fill out a contingency plan which will be copied and filed in our child's school office. This contingency plan will be activated in the event that our after school Program is cancelled during the school day due to unforeseeable circumstances, (i.e., emergencies, unscheduled early dismissal, etc.) Parents will be notified as soon as possible and their contingency plan will be implemented.

Schedule Changes

Requests for schedule changes must be made in writing two (2) weeks before the first of the month. Change of schedule forms are available at all sites and are provided by the Site Coordinator. It is our policy that all schedules are month-long for the safety and security of your children, days cannot be changed or switched during the month.

EMERGENCY PROCEDURES, MEDICAL AND ILLNESS

Illness

If your child is too sick to attend school or is sent home from school, then he/she cannot come to Walpole Extended Day Program. The following list describes some of the most common illnesses that we see and the Walpole Extended Day Program policy on care and treatment. In addition to the following examples, if your child seems mildly ill, unusually irritable, lethargic or generally "not themselves", but shows no other symptoms, we will notify you and a joint decision will be made about whether your child should remain at the Program. While your child is waiting, we will provide necessary food, drink, rest, play things, comfort and appropriate indoor activities.

Fever: A child with a fever (101° F +) should be kept home until the child has been fever free for at least 24 hours. (Although your child may have a normal temperature in the morning, body temperatures at that time tend to be normally low, and fevers usually return during the day.) If a child develops a fever while in the Program, parents will be called to take the child home.

Vomiting: A child who is vomiting will be sent home. The child should not return to the Program until the vomiting has stopped for at least 24 hours.

Rashes: Rashes may be caused by a variety of things. If your child develops a rash we will call to talk to you about it, and possibly advise you to contact your pediatrician. A child with a communicable rash should be kept home until the rash has subsided.

Head Lice: Incidence of head lice is common in school systems. If we find nits on your child, we will call you to take your child home. Your pediatrician can recommend treatments for head lice. Children may return to the Program when they are nit free.

We should be informed immediately if a child has contracted a communicable disease. Absence from the Program to prevent the spread of the disease should be based on the advice of the child's doctor or the school nurse.

Medical and Safety Policies

The Extended Day Program cannot give out medication. Please contact the Director if you have any questions. A first aid kit is kept at each site. First aid is administered and maintained by the Site Coordinator.

If your child requires an Epipen, Extended Day must have one separate from the school nurse's office. The Epipen must include doctor's orders and be in the container in which it was originally dispensed with original labels affixed. Please check the expiration date before handing them into the program.

Inhalers

Children cannot self-administer an inhaler without written authorization of their physician. Please check with your school nurse.

Program Emergency Procedures

If during the year a building must be evacuated for any reason, the Program will inform parents via an email or phone call. Children will be evacuated due to loss of electricity, loss of heat, fire, or other situation deemed dangers by the school department. If the building is evacuated, the children will be transported to another Extended Day site. Parents will be notified of the new pick-up location.

In case of medical emergency, your child will be transported by an emergency vehicle to the nearest hospital for necessary medical treatment.

3. Parent will be notified of unacceptable behavior by staff verbally and by a written incident report. Staff will fill out the incident report and the parent will read and sign it.
4. After the incident reports are filed, a review of the child's behavior will be conducted. The outcome of the review will determine the child's continued participation in the Program.

Consequences for Non-Compliance of Rules

A child may be expelled from the Program for physically injuring another child or for repeated willful disregard of safety and disrespect of rules. The child may also be expelled from the Program if it is determined by the Director that his/her presence in the Program is detrimental to his/her psychological development or is so uncontrollable or violent that the Program staff cannot reasonable guarantee the safety of other Program participants.

- In the event of the expulsion there will be no refund.
- A child may be immediately terminated for physically injuring another child or endangering the safety of other Program participants.
